‘Drive to Save Lives 2.0’ Golf Tournament

Welcome to 'Drive to Save Lives 2.0,' a golf tournament with a **heart**. As you stride into the lush fairways, know that every swing of your club echoes hope and creates ripples of change.

Organ donation, a gift of life, awaits a beacon of hope, and today, that beacon is you. Each tee, each hole, and each round you play contributes to a lifeline for someone.

Further, your participation will also help the Rotary Club of Madras Next Gen provide a community-based learning centre for under-privileged children.

As players, you are the torchbearers in this mission to illuminate lives that yearn for a transformation.

About MOHAN Foundation

MOHAN Foundation (Multi Organ Harvesting Aid Network) is a non-profit organization established in 1997, dedicated to promoting the cause of organ donation and transplantation in India. Through its tireless efforts in advocacy, training, public education, and support, the Foundation has transformed countless lives.

As a player, you have the unique opportunity to align yourself with a noble cause that has a life-altering impact. By associating with MOHAN Foundation, you contribute to a legacy of welfare, humanity and hope.

About Rotary Club of Madras Next Gen

The Rotary Club of Madras (RCM) Next Gen, established in 2013, is now in its 12th year and remains dedicated to empowering underprivileged children by providing them with access to resources typically reserved for private schools.

RCM Next Gen's focus has been on holistic development through various initiatives such as direct classes at government schools, sports training, language classes, skill development, health camps, and civic and environmental awareness projects.

The organization is proud to announce the launch of the 'Next Gen Centre' in a low-income locality of Chennai, aiming to guide children towards a successful future by equipping them with the necessary skills and support.
